Re: The explanation of net profit after corporate income tax in the third quarter of 2026

SOCIALIST REPUBLIC OF VIETNAM
Independence - Freedom - Happiness

Quang Ngai, October 29 ,2026

To: Ho Chi Minh City Stock Exchange.

Pursuant to the provisions of Circular No. 96/2020/TT-BTC dated November 16, 2020, issued by the Ministry of Finance, providing guidance on information disclosure in the securities market, and based on Decision No. 21/QD-SGDVN dated December 21, 2021, on the issuance of the Information Disclosure Regulations of the Vietnam Stock Exchange and its subsidiaries, PetroVietnam Refining and Petrochemical Corporation (BSR - stock code: BSR) provides the explanation of the net profit after corporate income tax of BSR in the third quarter of 2026 recorded a variance of more than 10% compared to the same period in 2025 (Q3 2025). The main reasons for this variance are as follows:

In the third quarter of 2026, crude oil prices increased significantly compared to the same period of the previous year. The crude oil price (Dated Brent) in Q3 2026 reached 97.00 USD/bbl, an increase of 27.93 USD/bbl year-on-year. In addition, the crack spreads of key refined products rose sharply compared to the same period of the previous year.

As a result, BSR reported a net profit of VND 8,974 billion in separate financial statements and VND 8,969 billion in consolidated financial statements for the third quarter of 2026.

The above explanation addresses the change in net profit after tax for current period (Q3 2026) compared to the same period of the previous year (Q3 2025) in the separate and consolidated financial statements of PetroVietnam Refining and Petrochemical Corporation for the third quarter of 2026.

Sincerely,

Recipients:
- As above (E-Disclosure);
- Board of Directors (for reporting);
- Supervisory Board (for reporting);
- Chief Executive Officer (for reporting);
- Office of the Board of Directors;
- Filed: DC, Acc, sonnt.

OBO. CHIEF EXECUTIVE OFFICER
DEPUTY CHIEF EXECUTIVE OFFICER
